

Astronomy Ranking Task: Stellar Evolution

Exercise #4

Description: The figures below show H-R diagrams of four star clusters labeled A – D.

A) Ranking Instructions: Rank, from youngest to oldest, the age of the star clusters.

Youngest 1____, 2____, 3____ 4 ____ **Oldest**

All the stars clusters are the same age: _____ (indicate with check mark).

Carefully explain your reasoning for ranking this way:
